

RE Week is BACK . . . at The Mountain

July 6 - 11, 2008

Working with an outstanding committee of DREs and Program Consultants in TJ, Mid-South and Florida Districts, The Mountain is proud to offer an inspiring week of training and much-needed respite for religious educators, teachers and committee members. The Ministry with Youth Renaissance Module will be offered, plus a concurrent program for seasoned religious educators focusing on pastoral care, conflict transformation and healthy communication. And, of course, there will be ample opportunities for worship, networking, making music, “Porch Talk” sessions and spending time in the spectacular natural beauty of The Mountain.

New this year: RE Week begins on the same day as both Work & Adventure Camp and Elementary Camp – so register your youth for camp right away and relax during RE week knowing they’re having a great experience, too.

Children’s Program: Morning programming for children (6-12 years of age) will be available during RE Week. Activities during all other times will be intergenerational.

Cost (including accommodations and all programming):

Adults: \$598

Youth (4-17): \$230
